This book has a good relaxed dim light nighty atmosphere. Ideal for bed time. The end is great

suggesting that friends and love are the most important. Fun activities and sounds experienced by the mouse. It portrays school/daycare as a positive environment. I would like it better without grammatical omissions throughout like "The* mouse loves school"

Great present

I got this book for my granddaughter who is in Kindergarten and she can read it herself and she loves that.

Nice pictures and few words so it was good for the younger kids.

Very cute and perfect reading level for a preschooler. Good for repetitive sight words.
