## Customer Reviews

This is a great book on Ice Cream.All of the things, tips and recipes that I need to know about how to make Ice Cream for Desserts are already included and well written inside. The author has done a good job in compiling and creating this book.Also the unique part of this book is the compilations of the 99 desserts. Very healthy, yummy and easy to prepare.The book is worthy of attention!

Very cool useful and sweet book. If you suddenly need to make a very tasty dessert with the help of a mixer and do not know the recipe - you just have to look here. I think that I have had a year to try all the recipes))

This book really is the best ice cream maker cookbook ever. If you love ice cream, then this is the book for you! I got hungry just by reading the recipes.

My siblings are crazy about ice-cream and sometimes having the machine doesn't mean that we always make it. but with this book it gives us amazing recipes to try out and fun ways to enjoy ice cream and many yummy recipes that makes making ice cream a fun experience.

Written in such an annoying tone. The author didn't even use her real name!!! I literally ripped out the first 40 pages because the author was just rambling.... Some good recipes, just very childish writing.

Love it

Love Love Love this book! So easy to use and read and has some fabulous recipes in it. Especially love the adult boozy section of ice cream. All I have ever made in my KitchenAid ice cream maker is vanilla so now I can make all kinds of ice cream and make my investment worth it's money finally. Thanks to the author for writing this book.

Helpful recipes, Thanks
