My son had remembered this episode from TV. We enjoyed this book together. My son hopes I read this for him at bedtime again. And I will be proud to. Very silly story. I try to make silly voices for each of the book we read together. Zeg is the silliest voice I've done so far.

My little guy loves these stories but we don't watch the show so I'm a little confused why zeg talks different than everyone else (other than he's a dinosaur-- but the trucks don't talk any different than the humans...).

My son had a lot of fun listening to me read this book to him. He was really excited while I was reading it.

My little ones, love it. Is fun and entertaining, good vocabulary, good characters and have good lessons about friendship ,

Really good book for kids!! I thought it really grabbed my son's attention and he's 3. Good job kindle.

This was great for bed time. He looks forward to his Blaze book every night! I strongly recommend this book.

Son loves this book!
