Customer Reviews

Paper back book, some black & white fotos, the only color ones are for the covers, simple reading (ingredients, directions, nutritional information), easy to follow recipes, every recipe is for the nutri-bullet. I like this book a lot. 99 pages. Compact book.

A great recipe book for my Nutribullet. I have tried a few of the recipes in the book and I thought they were really good. I would recommend this book to anyone.

I had so much fun trying out every recipe. Obviously you can add whatever you want to any recipe. Ok but I suggest that you try it as it dictates. I have a few favorites that I will be drinking every day.

Some recipes does not make sense. Maybe it needs a good proofing.

Okay. Keep you from busting your Brian out for a recipe. But for me I had todo some modifications to the recipe.

"Very imaginative and useful."

I make fruit-veggie smoothies every morning, and these recipes are simple and delicious

Don't get much use out of it. I found a couple of recipes that I use repeatedly, but the others do not sound interesting. Depends on personal taste.
