National Geographic The Civil War: A Traveler's Guide (National Geographic Blue & Gray Education Society)

Synopsis

Perfect for tour planning and on-the-ground use, this guide will prove indispensable on any expedition to explore Civil War history in America. Packed with color photographs, more than 600 historic battlefield and additional Civil War related sites, walking tours, 50 detailed maps, and the collective expertise of Civil War historians and dozens of park service experts, this handy, practical guide offers comprehensive information on the more than 384 sites recognized by the National Park Service as official battlefield locations, including the main Battlefield Sites, from Manassas to Appomattox Court House. In addition, this guide steers travelers to scores of additional little-seen and off-the-beaten path sites near the main battlefields. This guide helps travelers experience the Civil War chronologically, by location, or by campaign, experiencing the battles and skirmishes as the soldiers themselves would have encountered them: Follow Lee's march to Gettysburg or drive the Secession Trail through South Carolina. Walking tours provide visitors with detailed instructions, short histories, and a map so they can get out of the car and explore on foot. A history of individual parks is included, as well as books for further reading about specific figures or battles. A list of all of the Civil War battles in chronological order and a timeline of major events of the war puts the entire war in historical perspective. A complete list of all of the major campaigns as well as short biographies of key leaders and influential figures sheds light on the strategic maneuvers of the war. This travel guide is the perfect companion for any Civil War history exploration.

Great book! Lots of information in a precise manor. I can't wait to visit some of these locations. I also love how they added the "additional reading" sections!

Nice overview of the geographical scope of the civil war. Lots of maps and pictures, historical information, location and directions, and follow-up reading recommendations.

Wonderful gift for the History Buff! Planning lots of family trips!
