Reki Kawahara is an award winning author best known for his light novel series, Sword Art Online and Accel World.

Any fan of Sword Art Online should absolutely read the light novels. They add a good amount of extra information to the story, and were good enough to be adapted into an immensely popular anime. Absolutely get these LN's and read them, they're a great, short read for any fan of SAO.

I've seen the anime and read the manga, but the light novels are by FAR my favorite of the three! They just get into so much more detail about the characters' inner thoughts, etc. The illustrations are also very nicely done (though I could do without the fanservice-- there's TWO in this one), and overall it's a great read! This only gets through half the plot of the Fairy Dance story line, and I can't

WAIT for the next book to come out!!

Once again, another wonderful book! I really love this author and will continue buying from him! This book covers from roughly episodes 15-20/21 of the anime, just to give an idea. I love how the books let you more into Kirito's mind than the animes. If you love the anime and the other two books, you will enjoy this book as well!

Love SAO, one of the best animes/manga I've seen/read!

These are good books. We are buying them all. Comes quickly.

The art is much better than the original Aincrad Manga which kinda blew. The story is pretty true to the book so it doesn't really add much there but it is still fun to see the graphic version.

better to read than watch the anime.

I really enjoy this series and am glad it is being translated. If you are into video games, anime, and fantasy this may be a series for you to pick up!
