# Kase-san And Morning Glories

## Synopsis

A critically-acclaimed yuri manga series! Kase-san and Morning Glory is the debut release of Hiromi Takashima's ongoing yuri series about the first love, high school romance between the clumsy, flower-adoring Yamada and the exuberant Kase-san, the school's track and field star. This multi-volume yuri manga series consists of standalone volumes that can be read in any order, making this the perfect edition for oneshot readers and series collectors alike. Yamada may be shy and rather clumsy, but the flower gardens at her school have always brought her happiness. Suddenly, a different sort of beauty catches her eye—the vivacious track star, Kase-san. Although the two girls don't seem to have much in common, they soon start a romance where each must learn an important lesson in tending their budding relationship. Can the two girls, so different from each other, learn how to make their first love blossom?

## Book Information

## Customer Reviews

Hiromi Takashima is a yuri manga creator best known for her work on the Kase-san series of books.

One of my absolute favorite yuri manga! I'm so happy this has been published in the US! Seven Seas is really doing a fantastic job of finding some good stories and bringing them to us, but this one is one of the real winners! It has a positive message, cute art, and is just one of the best manga out there! (Takashima-sensei is continuing the story with a sequel manga that is currently being

published in Japan on the "Flash Wings" manga portal and the "Wings" shoujo manga magazine, starting this past April: "Yamada to Kase-san" or "Kase-san and Yamada" in English. I hope Seven Seas picks that up as well!)

These were one of my favorites when I read it online and had to support it! So cute and fresh!

A great Yuri story for the little sapphic women out there who want a soft kind story, with little moments of anxiety and misunderstandings, but ultimately resolve in a soft loving end.

The characters are likable and relatable. Takashima-sensei's story is well-told and Jocelyne Allen handles the language with a deft touch. This volume is the "authentic reading experience" I believe manga fans are looking for. And the story will leave you smiling. This is an excellent Yuri manga for both new and old fans!

I finished both volumes in two days, only because I had to work/sleep. Nothing epic, but a nice sweet story.

Cute and enjoyable yuri manga. Recommended.

This story is one of my favorites Yuri! Totally recommended! I will buy the latter volumes too :)

Sweet and funny. The book leaves you feeling good inside.
