no problems

Great book, ideas in here that I didn't know you could make with cast irons. Look forward to using it.

Interesting recipes in this book.

Beautifully put together cookbook as one would expect from Gooseberry. I found several great recipes to try and just enjoyed looking through the book at the enticing pictures too.

I collect cookbooks and I would have to say this is the worst cookbook I have ever bought. After flipping through the pages a few times, I realized that there was absolutely nothing in this book that I was tempted to make.

Very good . I collect cookbooks of all kind.
