Insight Guides: Inspiring your next adventure

Insight Guides wherever possible uses local experts who provide insider know-how and share their love and knowledge of the destination.

Exactly as advertised. Bought it as a gift, which was very well received

This guide trumps other guide books hands down with all the color photos and color maps. There is plenty of descriptive text so you can create an itinerary. The main attractions for each island are on its first page. The Guide covers from the Virgin Islands down to the ABC islands. Cultural backgrounds and foods will get you oriented to local items available. Some Tips even give suggestions for who to book with. There are actually 332 pages in the book, not 368. You will not find accommodations or places to eat in this book. It is focused on what each island offers so you can compare. Transport information by car, bus/taxi, and inter-island is located in the back of the book. Money, shopping, holidays, electricity, etc. is also detailed for each island.

Buy the paperback so you can scan it. Horrible implementation.
