The Career Adventure: Your Guide To Personal Assessment, Career Exploration, And Decision Making (5th Edition)

Synopsis

This book leverages the power of peer and mentor support guiding students through a flexible, yet comprehensive, approach to career planning in a world in which change continues to influence the career landscape. *The Career Adventure* is a full-range approach for adult students who are seeking engagement in a systematic process to career decision-making. Whether students are new to career planning and trying to determine how their experiences prepare them for future careers or seasoned pros who are moving on to a new career opportunity, a series of steps helps them build on the growth and learning that has informed their prior work lives. Students will use their experiences as part of a process that contextualizes skills, knowledge, and background to inform future success. Grounded in *^doing^*™ rather than *^explaining^*™ students are encouraged to move aggressively through these steps for life-long career development. The revision focuses on setting and achieving career goals that offer long-term growth, and uses social networking media to create a vibrant exchange that supports mutual value and meaning. The opportunity to capitalize on the knowledge of fellow career seekers maximizes information sharing and reflection for better, more illuminated goal-setting and decision-making.

helps me know who I am

Exactly, what I need for class and a fraction of the price you pay when ordering from the school.

to the rescue. Exactly what I needed. The material was also received in a timely manner.

Great

Beware - this version does not come with access code!

This is a great book. Even after you take the class, I recommend you keep the book. There are a lot of things in this book on finding a job, interviewing, resume writing, etc., that can help you in the future.

great fit great quality I would buy from this seller again

I always get my products quickly and in excellent condition when I buy from , this was no exception.
