Morocco: Sights Uncovered: Travel With Tessa

Synopsis

Morocco - it simmers with exotic sounds, smells, flavors, and spices. From its souks (markets) to the medinas (ancient walled cities) to the kasbahs (fortified villages/citadels) to the riads (homes built around a courtyard) and to its unique cuisine. The majesty of the snowcapped High Atlas Mountains; the Palmeraie - acre upon acre of stately date palms; and the pristine, virgin, undulating sands of the Sahara. Journey with me to this exotic land, where ancient medieval sights and traditions thrive and endure.

To really get the flavor of a country, you need to get to where the people live - and the more popular the destination the harder it becomes to find those untouched places. Being invited to share the journey with Tessa and Stan is a treat, from the taxi drivers going to remote towns, to getting lost in souks and relishing great meals with chance acquaintances. The book reads like one is a welcome travel companion catching up the end of each day.

What perfect timing, I am set to travel to Morocco later this year. I love staying at nice places that are off the beaten path and eating at the best local spots that tourists don't know about, this lays it all out for me perfectly. Tessa also has an amazing way of describing her journey. Now I'm even more excited to go. Can't wait.

Brace yourself, as you travel the ancient and exquisite land of Morocco with Tessa and Stan. Feel as though you are transported by a magic carpet ride as you allow your mind to become intoxicated by exotic sights, charm and the tastiest of flavors of the land. Dive into the trove of antique treasures and fuel your mind with intriguing facts. Captivating and exquisitely portrayed including the humble presentation of tea being served. A must read for anyone traveling or curious about this region.

If you're looking to uncover the unexpected joys of Morocco this book is for you! Written from in a very personal and relatable style this book is something that can help any traveler create an unforgettable experience when traveling to Morocco. Reading the book makes me feel like I've been there and experienced before I've even travelled! Highly recommend it!

I loved this book. It makes you feel like you are there and really makes me want to visit Morocco. The tips about the guides and hotels are great. If I ever get there, I would use this to help plan my trip for sure.

In this short book, Ms. Ingel's strength is her enthusiasm for the beauty of the country and its people. That being said, it is not particularly useful for everything she experiences to be stunning, beautiful, delicious, fragrant or charming. There is precious little context here in terms of history, religion or geography and her time here is very short leaving out major swaths of the country like Rabat, Casablanca, the two coastlines or Agadir. Her descriptions of Fez, Marakesh, Chefchouene, and Aït Benhaddou are very nice. About 10% of the Audible recording at the end is an excerpt from her upcoming book about India and a chance meeting of a wedding procession on the street. That makes no sense.

Loved reading about all the hidden gems that Tessa has written about while traveling in Morocco. She shared so many wonderful experiences that any traveler will find most helpful. Her style of writing really makes you want to hop on the first plane to Morocco to see and feel everything she has written about. Can't wait for her next travel book!

I'm not sure if I'll ever have the opportunity to travel to Morocco, but this book makes me feel, taste & imagine what it must be like. The words Tessa uses are so colorful & alive, that you're right in the middle of it all. The architecture, the culture & the people all come to life as you read along. Enjoy!
