Slag & Marble Glass: The Prominent Years 1959-1985 (Schiffer Book For Collectors (Paperback))

Synopsis

This long-awaited survey explores slag and marble glass from its four major producers--the Imperial Glass Corp., Westmoreland Glass Co., L. G. Wright Glass Co., and the Fenton Art Glass Co--and others. The "Golden Age" of modern slag glass, when it was used for both table pieces and decorative items, is displayed in over 570 beautiful color photos showing over 900 pieces. This book is densely packed with well-researched information on all documented pieces. It is smartly organized by company and category, making use of this excellent book extremely easy. Also, many test and whimsey items are included. Photo captions include production years, mold names and numbers, sizes, factory marks, colors made, and values. A chapter on additional companies that produced slag glass is also included. Information on reproductions will help readers determine what colors and marks can be found on newer items. For anyone buying, selling, or collecting slag glass, this is the essential reference guide.

Book Information

Series: Schiffer Book for Collectors (Paperback)

Paperback: 176 pages

Publisher: Schiffer Publishing (April 27, 2007)

Language: English

ISBN-10: 076432652X

Customer Reviews

Don Jennings & Nathan Taves live in Indiana where they own and operate a retail gift store. Added together they have 47 years of experience with slag and marble glass, and have amassed a tremendous amount of information, which they share with their readers.

I'd hoped this book would have more up-to-date photos and information on Slag animals, especially

cats. There's almost no coverage of the alley cats and the smaller cats that were produced in slag. These 11" and 6" cats are commanding high prices, and are very exciting to see. I hope there'll be an updated version of this book. If you collect vases, bowls, etc., there's lots to review and learn. Very few of the other Fenton books give more than a couple of pages to the slag and marble creations, so this is worth it if you collect it.

Great book for slag and marble glass. There is no other book on the market that covers this area of glass collecting so thoroughly.

This is a very interesting book and I am glad to add it to my collection because I don't know too much about slag glass and now I can learn from it. This book arrived in great condition and I would buy from this seller again.

Excellent reference book. Lots of work to put this together.

Was just what I was looking for!

Extremely pleased with book. Item as described. Thanks so much.

Good graphics as well as written information

Happy with purchase and would recommend it to others.
