The Cassell Dictionary Of Appropriate Adjectives

Synopsis

This reference is designed to help users of English find an appropriate adjective. Providing a list of around 4000 nouns with the adjectives that can describe them, plus a list of common similes, this book shows how to avoid hackneyed adjectives and unspecific or ambiguous descriptions.

Book Information

Hardcover: 352 pages

Publisher: Cassell; 1st Edition edition (April 1994)

Language: English

ISBN-13: 978-0304342983

Product Dimensions: 1.2 x 6.5 x 9.5 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 3.6 out of 5 stars 4 customer reviews

Best Sellers Rank: #2,373,203 in Books (See Top 100 in Books) #101 in [Books > Reference > Dictionaries & Thesauruses > Synonyms & Antonyms](#) #1778 in [Books > Reference > Dictionaries & Thesauruses > English](#) #2071 in [Books > Textbooks > Reference > Dictionaries](#)

Customer Reviews

Mikhail, a professor of English at a Canadian university, points out that there are numerous thesauri and dictionaries of synonyms but no volume to help writers find appropriate adjectives to go with nouns. In this work he lists 4,000 nouns followed by adjectives grouped thematically. Among the types of words found are technical adjectives (e.g., palliative treatment), classical or mythological adjectives (e.g., Stygian stream), and adjectives that describe animals (e.g., bleating lamb). The singular and plural forms of each noun are followed by a list of adjectives arranged in a variety of ways; for example, from positive to negative, passive to active, general to technical. There are no obvious delineations between groupings. All primary entries adhere to British spelling (e.g., aeroplane, odour); there are some cross-references from American spellings. There are also references to preferred and related entries: "offensive, offensives see attack" and "chocolate, chocolates see sweets." Nouns with more than one meaning receive separate entries; there are three for order. There are three appendixes: "Good Personal Qualities" arranged alphabetically from able to witty and wonderful; "Bad Personal Qualities" from abrasive to yellow; and "Similes with Adjectives," for example, "as rich as Croesus." The volume might have been more useful with a cross-reference list of the adjectives to nouns, but that would have made it much bigger. The entry

smile, smiles, for example, features more than 275 adjectives. The selection of nouns is arbitrary, and some plurals are curious (e.g., offspring, offsprings). Writers who depend too heavily on this book may find themselves using a lot of clichés: "quaint cottage," "absolute perfection." Some adjectives will drive the reader to a dictionary: "opsonic," "sesquipedalian." Because of the British emphasis of this volume, American libraries may wish to purchase it as a supplement to other wordbooks, such as the Random House Word Menu [RBB Ja 1 93]. It will be helpful to crossword puzzle fans.

It only contains synonyms of adjectives, there are no meanings nor examples.

Perfect for those who need a quick help for writers block.

Works well enough. Works great, no problems so far I am pleased with the purchase while got a bargain The item is really great. you won;t be regret. Great Seller!! Awesome Product!! does the job

This was the only adjective book available that I could find. I thought it was better than I expected.
Thanks
