Customer Reviews

I will admit that this cookbook has some fairly good recipes but as a chef in a restaurant I must say it's not all you need to know a wok cooking. They say a non stick carbon steel wok is just as good as any other but I prefer a hand hammered steel wok myself. They are however hard to find and a bit expensive. Thank you and enjoy your day.

This is poorly constructed, no pictures without good direction. So sorry I ordered it and for a gift no less.

Simple, easy and the "Spicy Honey Teriyaki Salmon Bites" recipe is worth the whole price of the book.

Disappointed with the variety of recipes provided. Not what I expected.
