SCIENTOLOGY - ABUSE AT THE TOP

Synopsis

A former top insider reveals the nightmare world of violence and abuse at the highest levels of the Church of Scientology. One review states: "At home alone, a 14 year old girl takes a phone call from Scientology. This starts a quarter of a century journey of manipulation, betrayal and sexual, physical and mental abuse. This journey leads to the highest management echelon and one woman's courage to break free. A real page-turner." Mark P. Another writes: "Amy Scobee has written a book unlike any other expose of Scientology. She actually was at the top of International Management for 20 years, and oversaw the recruitment of Hollywood stars into the Church of Scientology. She witnessed the abuse of top managers by their senior, David Miscavige. She writes convincingly of the human rights violations she endured while on the Rehabilitation Project Force, a thinly disguised slave labor camp. Her book is enjoyable to insiders and laymen alike, with a glossary of terms provided, and plentiful footnotes. This is an important contribution to understanding the controversy surrounding the Church of Scientology. The glaring spotlight eventually points to Abuse at the Top." Michael H.

Customer Reviews

A good look at the RPF, which is the prison camp of Scientology. I felt for Amy and her journey and wish her the best moving forward

Ms. Scobee's account rings painfully true. Although the tendency among many former Scientologists to play victim surfaces here as well, it does so only briefly and is out-weighted by a graphic self-scrutiny. She also takes more time than most to analyze the personality of David Miscavige whose depravity seems to be the driving destructive force in present day Scientology

Although I enjoyed the book I felt it did not give enough details. However, I am glad that she was brave enough to write the book to let people know just what goes on behind closed doors.

Very interesting.

What a cruel and unforgivable cult!! My heart goes out to these unsuspecting victims, especially the children. These Hollywood types that are members need to delve into what really goes on in this brainwashing organization.

This not the first thing that I've read about (scientology). How can anyone let them self get involved with a CULT like them. Also how did they manage to get Tax Exemption from IRS by claiming that they are a Church. All that I have read, not once have I seen anything about Church Services, it is mostly about controlling a person life, and it seems that the more they pay the higher they can get in the Cult. Then if they don't do as told they are not down to the hole and made to scrub floors etc. and the person that is made to do this puts up with this kind of treatment. THEY ARE REALY BRAIN WASHED. Right now they are trying a court case in New Braunfels, TX all about the miss treatment by scientology, if you leave they turn you for ever it seems.

Amy's story is incredible. It's incredibly moving, inspirational, and bitter sweet. It is hard to imagine that there are people who are going through this torture right this minute as I type this. I would recommend this book to anyone with a conscience.

This is an interesting but scary insight into Scientology. I have known for sometime that Scientology is extremely dangerous - the latest books have shown just how dangerous. I had no idea that it was so abusive
