Customer Reviews

Purchased this for my son to read with me but the font on some pages were so small we could not read it. We tried changing font size and it would not allow us to do it!? Will be requesting money back.

Great little book, but several pages were not formatted correctly and were too small to read. Really disappointing. Going to ask for money bac on this one!!

We boughted this book based on the recommendation from kindergarten teacher. Recommended for 5-6 year old kids. My daughter enjoys reading this book everyday.

I am frustrated that there are not more pages in the preview. If I were shopping in a store I could see if this is an appropriate book for my reader. But with the cover and the back I have no idea if it is too advanced. The title implies it may be early reading with CVC words. That is what I am looking for

but who knows. Do the authors read these comments? This lack of preview or limited preview is true for many of the children's books and it means that I don't even consider it for buying. sorry.

Well into this short story book the topic became evident. This was a nice surprise for my 6 year old and I. It captivated her attention and she wanted to have it read to her many times. It was possible on my kindle fire to enlarge the print which is an essential tool for this book to be at all legible. The print (font) is quite small making it very difficult for a beginner reader to read.

Great book!

My four year old enjoyed this short picture book. He loves cats. There were nice pictures and a cute story of cat learning a hobby and making a team.

One two...Very good book for kids. This has simple words but very interesting. Suggest it for 3-5 year olds.
