Customer Reviews

This is the first & only adult coloring book I own; most of mine are Lisa Frank, plus a few cartoon & Disney ones. ;) I've got to say, it's pretty cool. The paper is much thicker & higher-quality than a typical coloring book's. (And I'm assuming colored pencils would be the best implements to use on it...especially if you've got forest-green, sunset-orange, and mahogany.) Turns out the first review includes a very thorough page-by-page video, so now I don't reckon I need to share my own video and photos of most of the pages! I was hoping that it wouldn't just be black-and-white outlines of movie stills and arrow/mockingjay/flame tessellations and other patterns or whatever--and it isn't. I also really wanted the artists to take some more creative license and design character scenes *not*

taken from the films (directly, at any rate), but I knew that wouldn't happen. The book is mainly scenery and locations and objects, rather than characters. There's no Haymitch, Finnick, Johanna, Gale, Prim, Cinna, Rue, Caesar, Snow, Coin, Plutarch, Seneca, or anyone else you know besides Katniss, Peeta, & Effie. Oddly, the other tributes visible in the Tribute Parade picture appear to be two pairs of boys wearing the same outfits. (Well, that would make Peeta & Katniss stand out even more!) You also get: Snow's palace and greenhouse (inside & out), a vase of roses, the party desserts, the Gamemakers' roast pig (but no clues as to who ordered it), the tribute hovercraft, tracker jackers & their nest, the D12 Victors' Village entryway, a D11 Victory Tour tableau, a bunch of three-finger salutes, a beautiful train car scene, the Quarter Quell cornucopia & transaquatic "spokes," D13 locations (archery range, Katniss' quarters, living pods, the command center, part of the lovely area above-ground where Katniss & Gale hung out after hunting, a hovercraft hangar), an aerial view of the Capitol, several bows & arrows, Finnick's tridents & Johanna's axe, parachutes (one a cutaway with the spile inside), Finnick's necklace & Peeta's pendant, all the district seals (including the Capitol), the D13 map (as featured on their bandannas), a Capitol rosette, Katniss' pre-transformation wedding gown & first-interview flaming dress, three random Capitol women, Effie's two Reaping-Day looks, and a buncha mockingjays. Oh, and Finnick's & Annie's wedding site in 13 is drawn gorgeously (must be the only nice place in the underground; I'd want to spend as much time as I could there, raising fishy friends in that water.) I was hoping to see at least one of the two pink Borzoi from the Capitol, but alas, no. Biggest complaint? Well, that'd be the "Finnick's bracelet" label. It's HAYMITCH'S bracelet, Scholastic--he just lent it to Finnick so that Katniss would recognize him as an ally. But don't worry; I fixed that in mine.

Great adult coloring. Simple yet complex designs that are detailed and easy to color.

my daughter loved this!

Bought this as a gift for my friend. She loved it!!

I went to a bookstore to look at this book before purchasing off , glad I did not buy it. Like the other reviewer(s) will state, this book is devoid of character shots. It's very bland and mostly landscapes and trinkets. Katniss and Effie get a few pages near the back wearing dresses, but there is little to no character or action detail in these images..which is what makes HG such a great series. 1/4 of the pages are dedicated to the district seals, one per page! What a waste of space and creativity. I

also wish they had used more scenes with characters or imagined some that were not in the films and just based on the books. What a letdown, do not recommend this to any HG fan unless you really love landscapes. Might be worth it once it goes down in price, definitely not worth full price.

I was originally really excited to see there was an official hunger games coloring book. However when it arrived I wasn't impressed. I expected there to be illustrations of all the characters I loved in the books and the movies but it was severely lacking. There are 2 pages of Katniss pics to color and 2 of effie. And that's it for main characters in the whole book. I would have at least have expected a page with peeta and haymich but nothing. Personally I would have loved a page of Gale. I guess if you like the scenery of the books/movies you will like this coloring book but if you are a fan of any of the people in the stories you are better off finding a different coloring book. I mean who wants to color the grey living quarters of district 13 when there are so many amazing individuals in the books you could be coloring instead.

Not detailed, all background pictures
