CIVIL WAR

IN 50 EVENTS

From the Very Beginning
to the Fall of the Confederate States

JAMES WEBER

Synopsis

Do you want to learn how the bloodiest military conflict in American History began, was fought and ultimately won by the Allies Read about the 50 most important events of the Civil War, from the very beginning to the fall of the Confederate States. This book is perfect for history lovers. Author James Weber did the research and compiled this huge list of events and battles that changed the course of history forever. Some of them include: - Lincoln Inauguration (March 4, 1861)- Civil War Begins (April 12, 1861)- Union Troops Surrender at Ft. Sumter (April 14, 1861)- First Battle of Bull Run (July 21, 1861)- Monitor vs. Merrimack (March 9, 1862)- Antietam (September 17, 1862)- Emancipation Proclamation (January 1, 1863)- Gettysburg (July 1, 1863)- Battle of Spotsylvania (May 8, 1864 - May 12, 1864)- Battle of Cold Harbor (June 1, 1864 - June 3, 1864)- Sherman Burns Atlanta (September 2, 1864)- President Johnson officially ends Civil War (May 9, 1865) and many many more The book takes you through the most important events of the Civil War from before the beginning of the war in 1861 until its end in 1865. It contains all the major battles and fights. You will find pictures and explanations to every event, making this the perfect resource for students and anyone wanting to broaden their knowledge in history. Download your copy now! Customer Reviews

I concede to the author's statement that civil war was the most deadly and probably the defining event of American history. As you read through the book you could witness the different battles fought and different revolutions just to obtain freedom and end slavery. I have read several history books of James Weber and I do admire the way he presents history facts in a brief, chronological, interesting and reader friendly manner. Two thumbs up for him!

It's always better to know the history of our country. It's interesting to learn histories of other countries. This book is quite interesting which will remind us of a noted event in American history. I will surely recommend this to the younger ones so they will know about this event in the history. This is really an informative one and a good read indeed.

The American Civil War was the most deadly and probably the defining event of American history, even more than the War of Independence. I have never read such a comprehensive book on American Civil War before I got this book. Today we can say that few events in American history impacted this country like the Civil War. Author describes the stages through American history has gone through till President Johnson officially ends Civil War in 1865. A must read book in the contemporary situation.

I like reading this book. It is something different. Civil War in 50 events is greatly stunning at the same time feels people worried that time. But, upon reading this book. I really appreciate for all the people who love their country, even giving their lives through it. I also, fan to all people in that generation because they are very brave. For me, I learn a lot of things here and yes, it will change your belief and give you enough faith.

This One is a great book . I love to read and know about history , that why I purchase such books .This book is one of my favorite , that hold memories of one of the greatest war in history .The

author done a great job in writing and explaining this historical battle in well form . This book explain the civil war in its important 50 events . This book will give lots of information about history . I have great time in reading this book .

So many important events have been covered in this book. This brings us to the beginning of the bloodiest military conflict and how they fought for victory. This book will be well appreciated by history lovers for it is so detailed and I guess it didn't miss any significant information relating to historical battles in America. Indeed this is a perfect book for anyone wanting to widen their knowledge about history.

This book try to help us understand the Civil War, why it brought great damage to civilization. This book provides detailed information about the true reason for this to happen exactly the Liberation war stories and accounts of the battle with me. This is one of the best histories I have ever read--rich in narrative detail, scrupulously researched, and a remarkable companion piece to visiting the historical sites.

Between the incomplete sentences and incorrect words, both of which are frequent, the segments of the book quickly becomes impossible to understand. I question the historical accuracy of some of the writing - I would have appreciated more references. This almost seems like an overgrown, not very good high school history project. I suggest trying some other history of the American civil war.
