Customer Reviews

I love Asian Cuisine and this is one of the best cuisine books I have ever read. Why? Because it is Asian Paleo, meaning a healthy Asian Cuisine. I can't wait to try these recipes for me and my family.

Delicious! That's all I can say! After a recent trip to Asia I fell in love with the food so this book was a great read for all the tasty sounding recipes. Asian paleo is also extremely healthy by the sounds of it, with some easy to make and quick meals that even a non-cooker could comprehend. If you love Asian food and you love eating healthy then you will love this book.

not a single picture inside the book!

Didn't care for it

Cant wait to try more recipes in here :)

Wasn't what I expected.

for my family and how we cook/eat this book was useless
