A READERS' FAVORITE ROMANCE SIZZLE

FINALIST _____ For almost five years, Alex has had one obsession. Her name is Elynn. Alex Hanas couldn't believe that after so many years as a widower, his father was getting remarried. To make matters worse, the American gold digger had a kid--a daughter named Elynn. After months of avoiding it, Alex goes to brunch with every intention of giving his father's new family the deep freeze. But he can't pull it off with Elynn's anxious green-grey eyes locked on him. That was the day his life changed. Four years later, Alex is as close to Elynn as a stepbrother can be. But that's not enough for him. He wants more...and he's done waiting.

1st PLACE WINNER EASYCHAIR BOOKSHOP'S 1st ANNUAL CONTEST, EROTIC FICTION DIVISION!"Alex is one hell of a Hero""A very different read""Cannot wait to read the next one" --

_____ Making Her His is the first novel Singular Obsession series. Each is a standalone with a HEA. Not suitable for readers under 18. Please note: there is NO underage sex in this book. There is NO incest in this book. This is step-brother billionaire romance in the style of old-school Harlequin novels, but *steamier*. The Complete Series

Customer Reviews

Quite simply, I like this book. Making Her His isn't perfect, but it's well-written, sexy escapism. The plot basics--older, filthy rich, Greek playboy secretly loves nerdy stepsister--are reminiscent of an old-school Harlequin romance. But Making Her His is better than that. For one thing, it's steamier and in a good way. Leroux takes her time, but ultimately ratchets up the intimacy. When Alex reveals his feelings for Elynn, they get hot and heavy fast. Maybe a bit too quickly considering her past, but I can overlook that. Elynn is the shy bookworm of old-fashioned contemporary romance, but she's the 21st century version--a math/science nerd who's really into fungi and lab experiments. She cultivates mushrooms instead of houseplants. That's just cool. I enjoy an unrequited love story, so I enjoyed Alex's secret devotion. Elynn is completely unaware that Alex is totally in love with her. He's waited years, bought her apartment building to keep her safe, and kept their relationship close but platonic. Elynn is actually pretty satisfied with their status quo. I love that she's NOT secretly panting over Alex. She understands he's an attractive guy, recognizes his flaws, but loves him as a dear friend. When Alex reveals his attraction, she's shocked but the evolution of their relationship felt believable. I like that author allowed her characters to actually communicate. Alex is obsessive and controlling--after all, the name of the series is Singular Obsession. However, when Alex is too pushy, too controlling, Elynn tells him how his behavior makes her feel. Lo and behold, Alex listens. When trauma from Elynn's past rears its head, Alex insists that she see her therapist and Elynn logically agrees. When Alex's ex makes trouble (because they always do), Elynn controls her insecurity and responds with calm confidence. No one ever storms off in brokenhearted outrage or

wounded pride. Alex and Elynn behave like rational adults rather than romance-land caricatures. That, to me, is one of the strongest points of their story. Just in case you're wondering, the step-sibling aspect isn't a salacious part of the story. Elynn's a teenager and Alex a young adult when their parents marry. So although they know their parents will be shocked by the relationship and the press is going to have a field-day with it, they weren't raised as brother and sister. Also, Elynn's got a crazy ex, but she's not a rape victim. Just in case those are issues for anyone. So, in summary, *Making Her His* is a light, enjoyable read. I'm definitely looking forward to the next installment in the *Singular Obsession* series.

Alex's and Elynn's parents got married to each other when Elynn was a teenager and Alex was out of school. Alex is not too thrilled with his dad remarrying and he thinks Elynn's mom is a gold digger. He is unhappy to attend a family lunch with his dad and the two new ladies in his family. He is cold to his stepmother but Elynn and her quirky conversation wins him over. As time goes by, he sees that the two women are not gold diggers and his stepmother truly makes his dad happy. He is great friends with Elynn until his dad points out that his feelings for Elynn is more than friendship. A few years ago before the wedding, Elynn was attacked and almost raped by a rich boy. She is uncomfortable with men but somehow she is relaxed with Alex. Alex decides that he will make Elynn his when she shows signs of being ready but he waits a few years watching. Now Elynn is grown and out of school and Alex sees her kissing a man on the street. Not knowing that the man is her gay friend, Alex is determined to make his move. Is Elynn ready to leave her past behind?

A Review of *Making Her His* (A Singular Obsession, Book 1) by Lucy Leroux Love that waits - 5+++ stars Alex first meets Elynn at seventeen when his father gets re-married, even though he fought the marriage tooth and nail. When he finds out about Elynn's past and why his father seems to be so upset, he takes steps to become her friend and to help protect her without letting her know that he has learned about her secret. Over the next few months, Alex becomes obsessive for the girl, but doesn't think anything of it until his father calls him out about his feelings at her eighteenth birthday party. For over four years, Alex builds a friendship built on trust with Elynn, while she is getting her college degree. Alex has been biding his time, until he thought Elynn would be ready for a real relationship with him, but the green eyed monster rears its head when he misconstrues an interaction with a friend. That is the point where he decides it is time to put things in motion to make her his. But, will the secret that Elynn has kept from him all these years (that he actually already knows about) put an end to the relationship they are building? This was SUCH an AWESOME

storyline, about love, trust and deep feelings. Although it is a stepbrother and younger stepsister story, it is not a sleazy one, since they never lived together as brother and sister. She came into his life when she was in her late teens and he was out running the family business, all around the world. There were a few times I wanted to smack Alex upside his head, but for the most part, I truly loved these characters! I loved that he gave her time to grow up and become her own woman before he put any moves on her. ****Great Purchase****

I was amazed at how well this story was. The story line was very detailed and good.

Standalone. Overview. Alex wasn't happy that his dad was remarrying, even worse was it was to a staff member whom he wanted a prenup made and his dad was against it. But once he met Mary and her daughter Elynn. She was young, shy, and very nerdy, but he was falling for her fast. That was until his dad explained some serious mistakes in Elynn's past change him forever. Now Alex has a bigger view of the future and what he wants out of life.

OK so I am really not into the step brother step sister thing but I figured what the hell cos I love the crazy alpha millionaires and this author so why not. This book was sexy and I love Elynn because she was and did stand up and put limitations and when she compromised it wasn't because she was weak it was because it worked. Now Mr Alpha-Male Alejandro the Great well he was at least patient enough to wait but old boy had it bad and if he was one of us normal people it would have been unacceptable, but hell what are books for but to fantasize and live by osmosis. This author makes it fun and sexy and gives us a story to boot in this romantic suspenseful standalone.
