Fairy Tarot Cards: A 78-Card Deck And Guidebook

Synopsis

The fairies are nature angels who assist us all with earthly concerns, including increasing our self-confidence in our ability to make a positive difference in this world. The 78 gorgeous cards in this deck are geared toward helping you "wear your invisible crown" and fulfill your life purpose. Doreen Virtue and Radleigh Valentine call Fairy Tarot Cards the "self-esteem deck," because the words and images are imbued with this intention. Inside, you'll meet Fairy Kings, Queens, Princes, and Princesses, set against the backdrop of iconic Glastonbury, England. The wisdom of the fairies, inscribed on each card and explained in the accompanying guidebook, will help you put your life on the fast track of Divine magic! Fairy Tarot Cards makes a perfect companion to the best-selling Angel Tarot Cards. (In fact, you can mix the two decks for even more accurate and detailed readings!)

Lovely pictures of Fairies. Cards had minor scratches on a few & corners slightly bent. Some gilding seem to smear onto card front edges. I really like these cards and think they would be appropriate for tarot beginners and Fairy enthusiast. Mildly dissatisfied in production flaws. I've read and collected tarot for over 28 years.

I love the history about the deck and the intention behind the creation of it: Doreen tells how this deck is considered the 'self-esteem' deck and that it supports your Life Purpose through the faerie's messages. The sacred geographical sites depicted in the card images gives an air of magical and mystic energy to the cards. I like that the general structure of the Tarot cards were kept in these cards because I seem to have a more difficult time doing Tarot readings verses oracle card readings... with this deck, the Tarot card reading using the Celtic cross layout flowed very natural and smoothly during my reading. Love that!!

UPDATE 3: (7/14/2016) I've been using The Fairy Deck daily for a while (despite my earlier reservations) and it has really grown on me. I'm very glad I kept it!!! Great for any level of Tarot Reader - beginner to advanced. UPDATE 2: (Winter 2016) I'm updating my previous review below from 3 Stars to 4 Stars. R. Valentine was kind to direct me to the Customer Service with their info. Customer Service was prompt in responding to the damages of the cards in production. I enjoy all the messages on these cards and I have a some favorites, though there remains a few others I don't quite care for (The Dreamer-Fool especially). I admit I have not used this deck as often as the Angel Tarot or the Archangel Power Tarot(original), but I do have a few clients that have enjoyed readings from them and prefer Fairies. It's a nice change to switch up decks every now & then, and this deck has been adopted into my tarot family!(Attached photo of two cards I love and one card I don't in the middle) OLD REVIEW: The deck arrived two days ago and it's OK, however the "court is still out". The reason why I'm posting a review now is because the product was not the usual HayHouse quality when it arrived. The entire deck edges were bent on 3 of the 4 sides and some of the cards were upside down as if someone dropped them and then put them back together with the rest and then banded them together. The deck box was plastic sealed, but the sides had smudged dirt as if someone had dirty sticky hands. This is very unusual because I have several decks from HayHouse that never arrived like this. The book looked pristine as usual. Clearly there is a quality control issue on the production line... Since it's only been a few days, I'm not connecting with this deck as I have with Doreen's other Tarot decks of which I LOVE & use daily. I do like fairies, and some of the images are spectacular, yet other images are just...not quite right in my opinion. The

mix of using cartoon-like faces with those that have photo faces does not appeal to me. There seems to be a trend of over-dramatizing the imagery with the message of the cards, and I absolutely can't stand the imagery on the Dreamer card. The fairy looks like a spoiled self-centered brat with her nose in the air and her butt stuck out like a show-girl. However there are some images I love, like the back of the cards. It was my hope that the deck would be the same quality of imagery as it has on the back. Some do, some don't. I and my clients have always enjoyed the written messages on the cards and this deck has great messages on each one. That is my opinion at this time and I will give this deck an honest go of it in the coming days.

Geeeeesh! I really want to love these, and I should have known better because I have another deck like this by the same author. The artwork is OK and the meanings are detailed enough, but I just don't feel drawn to this deck as much my other ones. I also see that there isn't much difference between my old deck (Angel Tarot Cards) as opposed to this one- same artwork, same messages, blahhh. Oh and the silvery lining on each side of every card is pretty, but gets all over your hands and everywhere else when shuffling.

Love this deck! It's beautiful & resonates with me. It was delivered promptly. Definitely one of my new favorites!

So I edited this review big time because I am so please with the second card deck I received from the second seller I bought from. Once again another beautiful card deck by Doreen and Radliegh and with the fairies the beautiful earth angels. First off the cards include pictures of sites different sites seen in Galastoberg England it motivates me to want to go there and check the sites out, the cards are also very colorful cards, include the back which not only includes a beautiful green and purple, but a beautiful fairy as well. This also has many cute kids like Doreen's Guardian Angels tarot in this card deck there are fairy kids though. Also I like the fact that there are season cards which is helpful in terms of figuring out timing when doing readings for clients, and there are some cards that include some fairy tales such as Cindrella, Sleeping Beauty, or Rapunstilstin. I also have been looking at the Seven of Summer and the Fairy seems to look a little bit like David Bowie in the face and the hair my boyfriend and my sister Sonya agreed which I thought was cool I am an 80's girl. Despite what some of reviewers have said I don't see Doreen newest card decks as deck with a lack of time and effect put into them, but as more and more of her card decks come out I see different looks, different wording, and always a different feeling from each card deck both old and new of

Doreen's and Radliegh's. Doreen has most of the card decks out and I see that she is continuing to get out of her focus on just angels and creating card decks and books that focus on other spiritually beings and nonspiritual as well. I am very proud of her for doing so yeaah Doreen. I see this newest card deck of Doreen and Radliegh's as another way to highlight the importance of the nature angels and doing it in tarot form and I am glad they did. This is a card deck that helps your self-esteem and manifesting. I will admit the power tarot boosts my self-esteem more, but I can see how the fairy deck can help with manifesting especially if you combine them with Doreen's Mermaids/Dolphins card deck. I will have to do that more and let you know how it works. So if you like Doreen, Radliegh, and Fairies this is the card deck to get. Also if you feel Fairies can help boost your self esteem and you want their help with manifesting get this card deck you will be glad you did. November 7 update I recently I show my friend Jason recently and he couldn't stop looking at the back of the cards the beautiful green and purple of it and told me that he found out when he did a reiki session with someone that those are his aura colors which I thought was interesting. Also to me the back of the card colors represents archangel michael and raphael's aura colors. In some of doreen's book they mention archangel aura colors and at times michael's aura color is a dark blue that is so dark that it appears purple at times. So my friend Jason loved the back of the cards and the front as well thought the cards were very beautiful, so when I can I will get him and his mom the card deck as well. November 14 I showed my sister Sonya and she loved the card Seven of Spring she liked how the fairy had kind of a sexy look to her, most of the fairy she like though were the cards in the deck that focused on the season Winter and I agree the winter cards are pretty cute. June 9 Still picking cards here and there and continuing to enjoy the card deck recently bought this card deck for my friend and client Katie. I also bought it for other people as well. I have found if you are looking to manifest things in your life combine Doreen's mermaid/dolphin card deck and this card deck if you have both. I also show a friend of mine David this card deck and he gave me some good feedback that I thought is important to share. I have seen some reviews on this card deck here and there and some people have said that the woman fairy on the dreamer looks stuck up but my friend David told me that the woman in that card is the perfect image of a person who lives in England. He mentioned to me that a lot of the people in the various cards in the card deck look like people who live in England as well as the familiar sites as well that are found in England. The Dreamer card especially he really took the time to focus on he talked a lot about the bone structure which is like people in England as well as other types of facial features as well.
