Royal Copenhagen [Hardcover]

Still the only book in English to cover the entire history and output of Royal Copenhagen, from its beginnings in 1775 through 1984. A chapter on Flora Danica, a chapter on blue and white dinnerware, a chapter on the modern factory. But what is REALLY good is the chapter on stoneware and art glazes -- information and pictures that you won't see anywhere else; worth buying for that chapter alone. No price guides (this is a scholarly history) and no comprehensive lists of figurines or plates, but an excellent overall view of the company and its important contributions to the art and technology of ceramics.
