After going through the core rule book, a potential Changeling Storyteller would be well advised to thumb through this book. The lion's share is devoted to the Changeling's take on the history of the World of Darkness, with a great deal of material on the Interregnum (when the Sidhe had left) and the Accordance War, which can provide hooks for developing a background for a chronicle's setting. Additionally, secret societies and political viewpoints (conservative, moderate, radical) can provide ideas for bringing intrigue into a story. Finally, a chapter is devoted to assisting the Storyteller in creating a chronicle by suggesting possible themes, moods and story seeds. Players might be able to draw inspiration from the historical chapter, and they are given a new merit, background and art (Metamorphosis!) and two new kith to try out.

The history of the commoner's, new backgrounds, and a new art-metamorphosis. It's time to have the power to turn into the creatures from our own fantasy stories! Yes, you can turn that prince into a frog.
