Autor e ilustrador, P.D. EASTMAN fue el creador de numerosos libros para niños, entre ellos Are You My Mother?, Go, Dog, Go! y The Best Nest. Estudió en la Academia Nacional de Diseño y se alistó al servicio militar en 1943. Allí fue destinado a la Unidad de Películas del Cuerpo de Señales, dirigida entonces por Theodor Geisel, hoy mundialmente conocido como Dr. Seuss. Posteriormente, Geisel pidió a Eastman que escribiera una historia para su nueva colección de primeros lectores de Random House, y fue así que publicó su primer libro, Sam and the Firefly. Desde entonces, Random House ha vendido más de treinta millones de ejemplares de libros escritos por P.D. Eastman, convirtiéndole en uno de los autores de libros para niños más queridos. P. D. My 7 year old daughter is learning Spanish as a second language. This is one of the first books that she has read by herself in Spanish. It is perfect...easy to understand, pretty repetitive, with relatively common, easy to pronounce words (pajarito is the hardest, and as it is repeated on every page, it becomes easy). My kids have read this over and over again in the days since we gave it to them. I was disappointed that it was not the whole "Are You My Mother" story. The plane and boat are missing and the tractor scene is abbreviated. There may be other scenes missing as well.

Very happy. Great price, and like the simplicity of the book and the pictures.

I was so excited when I discovered that my favorite childhood book was available in Spanish. We were going to Guatemala on a mission trip to work with children trapped in poverty and I wanted to bring books to read to them. They absolutely loved it. I wish you could have seen the look on the little girl's face when I gave her this book after reading it to her. They don't own books. Most of the schools have no books. My plan is to bring a suitcase full of books when I return in December. At this price that is totally doable. Good quality, hardcover and no problems whatsoever.

I absolutely loved this book. I am bilingual and am raising my son as a bilingual as well and finding books that I read as a child translated into Spanish is great! My Spanish is not perfect (enough to hold a conversation but not the biggest Spanish reader) but this being a children's book I was able to read this book with ease to my son. I actually would love to purchase more Spanish books like this to read to my son.

Este cuento es dulce y relata a un pequeo aventurndose al mundo para encontrar a su mam, al fin se reencuentra con su mam y es un final feliz y esperado pero creo que aunque sea predecible es una manera tierna de ensearle confianza a los pequeos, lo recomiendo! This is a sweet story of a little one trying to find his mom. At the end, he find his mom and it's obviously a happy ending that even it's predictable, it's still a way to teach about being

confident and follow your instincts. I recommended a lot!

My 6 year old son and my 2-year-old niece loves it. It is a good easy story for children who are learning to read very well already. I have done my son what to paint with marker and crayon with a wet cloth of delete you definitely good purchase

I didn't realise until I opened the box that this book was made for small hands. But it is great. I find that reading children's books is even a great way for adults to learn the basics of Spanish while at the same time reading to my children :-). We had fun with it.

It is a very cute book. I was just surprised at how small the book is... I placed a pen next to the book to show an approximate size. I thought it was going to be a bigger size book. My daughter is two so it is a good size to hold in her hand. It is a nice hardback board book, won't rip apart easily.
