If you play Kindred of the East, this will fill in a vital gap. You will also find intriging ties to Exalted tucked away, perhaps more so than most of the World of Darkness. These Changelings are not the Fae of the west though. You will want to have a copy of Changeling the Dreaming around for some base rules, but this is really oriented for for the Asian campaigns that spiral out of the books published in the Year of The Lotus. No matter what sort of character you play, once you interact with the dragon nests you need this book! Here are your guardians of the nests, here are the dragons! All the other books keep pointing to this book so now that you've found a copy, get it into your collection quickly!

The was great and essential for every Changeling player. Dive into the Middle Kingdom and learn the secrets of the exotic and enigmatic Shinma, the Kithian native to the East. These exiled servants of the August Personage of Jade. Their hatred of the Wan Xian, their powers to control the elements known as Wu Tan. From the noble and regal Kamuii to the humane and heroic Hiriyanu the stories are endless. However I was unable to give 5 stars to the books since it lacked explicit infomation and did not cover all questions a Changeling Player may have and complications STs may find with this lack of info. However, it's worth it! ;)
