Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

My 2.5 year old is now terrified of dinosaurs after the first half of the book is Percy whomping up scary feelings discussing dinosaurs. My daughter now asks every night at bedtime, "Are there going to be animals? ... Are they going to eat me?" I suppose we should have waited longer to read the book to her, but the fear Percy felt could certainly have been written more tactfully for the young audience.

My nephew's two favorite things right now, in the same book: Thomas and dinosaurs! My nephew is going through a train, specifically Thomas, and dinosaurs phase. I was surprised to see this book this book exists and had to get it for him. He's not reading yet, but likes to look at the pictures. This was a great buy and a good way to get him into books and reading.

combining dinosaurs AND Thomas... could it get any better than that for my son?!? MORE Dino/Thomas stuff please!!

Gift for my nephew. I absolutely love these Little Golden Books. Definitely will keep buying these books. Great books for children and bedtime stories.

The book has great pictures; however, the binding is a little off which makes turning pages awkward.

Our grandson loves this book. It has two of his favorites - Thomas and a dinosaur.

The book itself is very nice, love the photos & the contents but it has a chip on its cover. I bought this as a birthday gift for my 3yr old nephew, along with 2 more books & a stuffed dinosaur, I'm glad he loved it. Only giving it 4 stars because of the damaged cover which made it look cheap or used.

Thomas products are more like 10 stars. Kids love Thomas and the books are perfect for little ones. Parents (or anyone) who read to their kids are giving a priceless gift and these little books are perfect for that. I highly recommend them.
