How we feel about anything is shaped by the meaning we attach to it. The words you consciously or unconsciously select to describe a situation immediately change what it means to you and thus how you feel."Language shapes our behavior and each word we use is imbued with multitudes of personal meaning. The right words spoken in the right way can bring us love, money, and respect, while the wrong wordsÃ¢ ¬â •or even the right words spoken in the wrong wayÃ¢ ¬â •can lead to a country to war. We must carefully orchestrate our speech if we want to achieve our goals and bring our dreams to fruition.Ã¢ ¬â •Dr. Andrew Newberg, Words Can Change Your BrainThroughout human history, great leaders have used the power of words to transform our emotions, to enlist us in their causes, and to shape the course of destiny.As Jim Rohn always said there are 5 major pieces of life: Philosophy, Attitude, Activity, Result, and Lifestyle.And to create any change in life you must start by refining your philosophy. its a good way to get the morning started.

Wery usefull book. For those who interested in - my advice to buy. There are real motivations in quotes from famous people. You need to know what they say to begin going there way.

Words are very powerful. They can either inspire you or break you apart. They have the ability to instigate good as well as bad. This is a very motivational read which presents quotes from various individuals who have in one way or another influenced the world with their wonderful work and remarkable achievements.

I liked the book. It had very good quotes. I only wished the book had the quotes organized in groups. But given that is short book, I understand. I recommend this book

Great book on quotes....inspirational quotes that are perfect to read in these trying times .....loved it

Nice quotes that it's only 17 pages long and it's not like a big book with big letters I thought at least be four times bigger than this more like a pamphlet

Great Book. For me, quotes are the way the great people thought. These quotes are the guiding light for these people. Whenever I saw a good quote, I use to make a note of it, as it was hard to find all good quotes at one place. This book does just that. I no longer have to keep writing notes, as this book has all the great quotes that I will ever need to get inspired.
