Take Me There

Synopsis

What would you do if the woman sitting across from you at the negotiating table is the same woman you shared a bed with twelve years earlier? That's exactly the situation when Adrienne Phillips enters the offices of Foster McKenzie. Sloan Merchant, the opposing attorney, is a rising star in the world of corporate law with one of the premier companies in the world. Adrienne has never forgotten the thrill of desire in Sloan's eyes, the sound of her name whispered in the dark, the rising crescendo of the pleasure of her touch, and the heartbreaking loss when it was over. Sloan has the world at her feet and any woman at her fingertips so why does she dream of her college fling? And what in the hell is she going to do now with her sitting across the negotiating table in one of the biggest deals of her life?

Customer Reviews

While this book reintroduces us to the characters in J C's book "Come and Get Me", (which was a

great read) J C introduces to two women who I couldn't help but fall in serious love with. Sloan Merchant works with Elliot Foster investing in companies that need an influx of cash. Adrienne Phillip represents a company looking for money so they can take the next step on expanding their product line. Did I mention Sloan and Adrienne knew each and loved each other in college? Having different paths to follow they part with Sloan becoming a player. She doesn't want or need love. Adrienne finds love, has a child and then the unthinkable happens. Her wife dies leaving Adrienne doubting she'll ever fall in love again. Now here they are, together again. Each has changed but the feelings they shared are still as strong as ever. Both are scared. J C adds some twists and turns these ladies need to overcome before they can let go of the past. Another great read.
