50 Hikes In Western New York: Walks And Day Hikes From The Cattaraugus Hills To The Genessee Valley (Explorer's 50 Hikes)

Synopsis

The Western New York region encompasses forested hills, rolling farmland, picturesque villages, and natural wonders like the Genessee River Gorge, Allegany State Park, and Chautauqua Lake. Ehling guides you to plunge-pools and glacial caves, past fossil beds and through "rock cities"-all the results of the area's distinctive geological history. Many of the hikes described here follow maintained footpaths, including portions of the Finger Lakes Trail, the Conservation Trail, the Letchworth Trail, the Eastside Trail, and Westside Overland Trail. The other hikes, ranging mostly throughout the numerous state forests within the region, utilize walking paths, dirt roads, and jeep trails. Each hike includes directions to the trailhead, route distance, approximate hiking time, vertical rise, a topographical map, and detailed descriptions of the trail itself. In addition, Ehling enlarges your experience with his knowledge of the flora and fauna of the area's forests, wetlands, and gorges; as well as other land formations such as kettle lakes, eskers, and kames. Black-and-white photographs and maps throughout

Customer Reviews

This book provides the reader with truly wonderful hiking trails in the Western New York area. I'm born and raised in the area yet had never heard of some of the parks and trails highlighted in this book. If hiking in WNY is your goal, this is a great book for locations of trails, their conditions, level of difficulty, points of interest, etc.

Bought 4 of these for family members, they were all thrilled and excited to check out the trails

This actually another copy of this book that I bought so if I become lost/missing my family can find me...it is the at home copy. Get maps and descriptions for hiking our great area.

I'm always looking for places to high in New York State. Some trails I knew about, others I did not.

Good info.

The book is well organized and gives a lot of information. I would recommend it.

I gave this to my Son-in-law for Christmas. It arrived on time before Christmas and was in great shape. I will continue to use for future purchases.
