This little book contains the flower of the Reformation - the historic Reformed creeds (The Heidelberg Catechism, the Belgic Confession of Faith, and the Canons of Dort, otherwise known as the "Three Forms of Unity"). Also included are the ecumenical creeds of the church (The Apostle's Creed, the Nicene Creed, and the Athanasian Creed). Each creed includes a historical introduction. The Three Forms of Unity are the doctrinal standards of the Reformed Church in the United States.

The Ancient Creeds (Apostles, Nicene, and Athanasian) summarize the essential truths of the Gospel of Jesus Christ. The Heidelberg Catechism, and Belgic Confession explain these truths and practically apply them to our lives. If you've ever wondered whether you've really believed and been transformed by the Gospel of Jesus Christ, this booklet will make it clear whether you have or have not. The Canons of Dort is one of the most precise doctrinal statements as it deals with some of the

hardest subjects of sin, salvation, election, and perseverance of believers. Not only does it positively state what the Bible teaches, but it also anticipates questions that arise from discussing these things. Again and again, it makes affirmations and statements going only so far as they can be supported and defended by the implicit and explicit teachings of Scripture.

This is a modern translation authorized by the Reformed Church in the United States. It uses the NKJV where Scripture is quoted. Although I am a confessional Presbyterian, I have always appreciated the pastoral and devotional character of the Heidelberg Catechism, Canons of Dort, and the Belgic Confession. This is the Reformed faith faithfully confessed from Scripture.

This collection should be in every Christian's library. Modern evangelicals often spurn Calvinism without ever knowing exactly what that is. These timeless creeds will explain.

This book along with The Westminster Confession of faith, will give you all you need to understand Christianity. Bible verses are referenced to give support for the statements and conclusions. Too much to read all at once. One or two pages a day is enough.

It is a small but well designed book. The information gives you insight into Reformational thinking. I would suggest that if you are interested in this critical period of religious thought you may want a copy and then view how far some groups have departed from the original thinkers.

excellent reprint of reformed confessions, a must have for a summary of christian beliefs as presented in the Holy Bible.

An excellent collection of the standards of the Reformed Church. This collection is excellent for those wanting to learn more about Biblical, reformed theology.

All children should be taught the Heidelberg Catechism. This printing is just great - current English and very good references.
