Start Your Own Corporation: Why The Rich Own Their Own Companies And Everyone Else Works For Them (Rich Dad Advisors)

Synopsis

We live in a highly litigious world. As you live your life you must keep your guard up. As you grow your wealth you must protect it. For those who don't predators await, and their attorneys will use every trick in the toolbox to get at - whether large or small-your unprotected assets. Start Your Own Corporation educates you on an action plan to protect your life's gains. Corporate attorney and best selling author Garrett Sutton clearly explains the all too common risks of failing to protect yourself and the strategies for limiting your liability going forward. The information is timely, accessible and applicable to every citizen in every situation. Garrett Sutton has spent the last thirty years protecting clients' assets and implementing corporate structures to limit liability. This significant experience shines through in a very readable book on the why to's and how to's for achieving asset protection. Start Your Own Corporation teaches how to select between corporations and LLCs and how to use Nevada and Wyoming entities to your maximum advantage. This non-technical and easy to understand book also educates on the importance of following corporate formalities, using business tax deductions and building business credit. Rich Dad Poor Dad author Robert Kiyosaki says, "Start Your Own Corporation is a must read for anyone with any assets to protect."

Garrett Sutton is an attorney, best selling author and one of Robert Kiyosaki's Rich Dad Advisors. A clear and engaging writer, Garrett demystifies legal topics and presents them in a very understandable and accessible manner. Garrett has over thirty years experience in assisting

individuals and businesses to limit their liability, protect their assets, implement advantageous corporate structures and advance their financial goals. Garrett is the author of "Start Your Own Corporation," "Writing Winning Business Plans," "Buying and Selling a Business" and "The ABC's of Getting Out of Debt" among other titles. Garrett is the owner and operator of CorporateDirect.com, which since 1988, has provided affordable asset protection and corporate formation services, as well as resources for entrepreneurs and real estate investors. Robert Kiyosaki, the best selling author of Rich Dad, Poor Dad calls Garrett and Corporate Direct "the premiere source for asset protection strategies." Garrett attended Colorado College and the University of California at Berkeley, where he received a B.S. in Business Administration in 1975. He graduated with a J.D. in 1978 from Hastings Law, the University of California's law school in San Francisco. He has appeared in the Wall Street Journal, the New York Times, and other publications. Garrett enjoys speaking on asset protection strategies and is a frequent lecturer for business groups and the Rich Dad's Advisors educational series. Garrett serves on the boards of the American Baseball Foundation, located in Birmingham, Alabama, and the Reno-Nevada based Sierra Kids Foundation. Contains a ton of great nuggets and provides enough of the differences and pros and cons of each type of entity used for protecting personal assets and limiting personal liability. Unless you are a legal entity expert, chances are high this book will prove to be a tremendous asset.

This is a superb book! Sutton tells us everything we need to know to get started in clear and straightforward language. Because of this book, I decided to start Empress Cindy Books LLC to publish my books on .If you're even thinking of starting a business, this is the book to read. And once you decide to start, I highly recommend the companion book, "Run Your Own Corporation."

Very informative. Highly suggest reading this before deciding on the type of entity you want/need. Much insight, and I learned way more than I thought I would, as I thought I knew a lot - apparently I was wrong. You won't regret buying this book, I promise! Money well spent.

I hate to read so i got the audio CD Man the things I'm learning from it toolve loved Robert Kyosaki since i fo7nd out about him.Never thought i would buy into the system but im glad i did.Cant wait to

I liked this book. (or recording, in this case) I especially appreciated a side by side comparison of C corps, S corps, and LLCs, which I couldn't find anywhere else! For that, I thank Garrett Sutton for providing in this book. Nearly half of the book was about asset protection through corporations, which was a bit annoying to me personally, because I'm trying to start a business and I have no assets yet! But good information nonetheless.

Great book to help you understand the need to protect your self and you assets. If your investing, you should read this and other books like it.

Well written and covers the topics well including asset protection strategies as well as tax consequences of various corporate entities.

Written in clear, easy to understand language. Sutton provides case studies which new and veteran business owners can relate to illustrate the how and why to set up the right legal entity to protect your business.
