38 designs created by landscape professionals specifically for the Southern Coastal Region offering creative solutions for front entries, foundation plantings, patios, steep slopes, and more. Detailed descriptions of more than 160 plants picked to thrive in the coastal environment, including many low-water-use and salt-tolerant plants. Step-by-step instructions for building structures, such as paths, patios, ponds, walls, and trellises. Approximately 375 color photos and illustrations. Praise for the First Edition "... like having a team of professional garden designers on hand." Country Living Gardener "... you'll turn to these beautifully rendered design possibilities again and again." Elanore Lewis, Woman's Day Garden Planner & Practical Guide "This idea-filled book takes the guesswork out of landscaping so you can focus on the fun. Designs that work, great plants you can find, accurate instructions, and detailed drawings will help you succeed." Nancy Beaubaire, former Editor Fine Gardening and Country Living Gardener "The Home Landscaping series takes the fear out of gardening by skillfully combining a wide range of attractive, dependable plants with clear, concise information on the techniques of gardening and easy-to-follow plans." Thomas Fischer, Executive Editor, Horticulture

Very comprehensive for planting in the Lowcountry of coastal South Carolina.

Really good pictures and info of most common, hardy plants for my area... Beaufort, SC and, great landscaping ideas!

One of the gardening books that is really relevant to my region. Creative.

Great resource for SC!

Lots of great gardening ideas and details on how to maintain. I bought a similar book for my daughter-in-law for the region of the country where they live. They were truly inspired by it.

This is a terrific book for sunbelt gardeners combining practical and effective design ideas with excellent horticultural advice. It is clear that the authors not only enjoy gardening, but that they love to create beauty. The book is filled with useful illustrations and photos that inspire one to build and

maintain a garden - a beautiful garden - in large and small spaces. This is a great gift book as well as a must have for a southern gardener.

Not as good as other books of same topic.

Met my expectations
