Customer Reviews

A excellent map for cycle trekking along the G318 provincial highway from Chengdu to Lhasa. Plenty of topographic detail and highway for long distance navigation. Temples, key mountain peaks, and other sight denoted on the map. Lhasa street map is a bonus. Printed in a pleasing color scheme that adds detail and definition to the terrain. Names of major towns printed in English, Chinese, and Tibetan, which will aid communicating with guides and locals. This was the best, highest quality map that I could find for Tibet. Gizi Map offers quality maps that I used previously when traveling in China. Highly recommend.

too large and lack of details.
