## Customer Reviews

Great reference book!

The book was in pretty good condition considering it used. I liked the content of the book.

The book was very informative and I enjoyed reading about the process of making and painting. All

the pictures were beautiful.

I read the reviews on this book prior to purchasing it. I also noted the reference to another book: LIVING WITH LIMOGES and I purchased it. Of course I compared the two. LIVING WITH LIMOGES is FANTASTIC and has an entire section on WEARING YOUR LIMOGES that is informative, professional and has fabulous photographs of thousands of hand painted pieces. The quality of Living With Limoges is much better than this book Painted Porcelain. I personally don't like paperback books and Painted Porcelain is a paperback. I thought I would enjoy both but my recommendation - don't bother spending the money on paperback reference books -- put your money toward the better book.

The author has a wealth of information! (Too bad the publishing company made this a poor quality product, and a soft cover book. No justice to the content!) I love hand painted buttons and brooches and received this book and LIVING WITH LIMOGES which has a section on such, over the holidays. The two books have provided me with much information.

Dorothy Kamm's Painted Porcelain Jewelry And Buttons pairs gorgeous large color photos with a value guide to painted buttons and jewelry. The primarily-floral designs are gorgeous and are accompanied by the latest values.

I love this book!! I also love Debby DuBay's book: LIVING WITH LIMOGES! Both authors "brooch" the subject of hand painted jewelry, buttons, brooches, hat pins, etc.!! A must for the collector.

Wow, what an informative, helpful book if you have any interest in vintage jewelry or hand-painted porcelain. Wish I had some of the pieces featured here....
