Yana Toboso Artworks Black Butler 1

Synopsis

In this first-ever full-color illustration collection by manga artist Yana Toboso, the New York Times bestselling manga series *Black Butler* comes to vivid life. Starting at the beginning of the tale of Earl Ciel Phantomhive and his inimitable butler, Sebastian, the collection focuses on the series through the immensely popular Circus Arc. In addition to these glorious color cuts are illustrations from her debut work, *Rust Blaster*, as well as promotional art from *Black Butler* and the artist's own tribute illustrations for other popular manga series. As anyone picking up this gorgeous beribboned hardcover tome will realise, black is a colour of many facets, indeed!

Yana Toboso is the creator of the wildly popular series *BLACK BUTLER* which is currently serialized in Square Enix's magazine *MONTHLY GFantasy*. Her previous work was a single volume entitled *RUST BLASTER*.

I've been a Kuroshitsuji (*Black Butler*) fan for many years. While I'm rather partial to a certain young Earl, I find all the characters quite intriguing and fascinating, so it's natural that I would enjoy this collection of art featuring Ciel, Sebastian, and the rest of the gang, all illustrated by the original artist, Yana Toboso. Also included are some illustrations of her first work (which nobody even remembers, sadly) called *Rust Blaster*, as well as a few other pieces. The volume, which is much too short for my preferences, features glossy, full-color pages filled with spreads and covers of primarily Bocchan,

Sebaschan, though several also feature Grell and the other minor characters. At the end of the book, Toboso-sensei includes a small commentary on each of the pieces. The hardbound book includes two small bookmarks, one attached to each cover, as well. In traditional Japanese style, the book reads from right to left, though it doesn't much matter as the contents are entirely visual. Any fan of the series, and especially those who have a love for Sebastian and Ciel, really owe it to themselves to pick up this volume. I believe in supporting the artists and authors whose works I find enjoyable, and your purchase of this work also helps to do that. This is a beautiful book that will be a part of my collection for many years to come, and I'm certainly hoping for a second volume (and a third, and....)!

I mean, what else can I say but if you love Black Butler and Yana Toboso's artwork, you need to get this! It's beautifully done, the artwork is vibrant and the pages are high quality as well. It was also packaged quite well and does not have any wear or tear from the delivery. If you are unable to get this at a book store, get it here!

The book was well protected and is absolutely beautiful. From the cover to the pictures inside, it is so gorgeous to look through. It's well put together and I've had no issues with loose pages or any pieces falling out of it. It has made a great addition to my Black Butler collection. Definitely a great buy. Can't wait to get the second book.

I love, love, LOVE, Black Butler. This book is gorgeous, the images are top quality, and Yana's talent is beyond words. I have browsed through the entire thing three times already since receiving it. So excited for Volume 2!

Just received it a few minutes before! So incredibly happy! The book came in a flat carton brown box with a thin plastic wrapper. I bought it used and it came like new! The pictures are gorgeous!

This artbook albeit dated is a wonderful addition to anyone's collection. The artwork is crisp and it is a treat to look through Yana's older work. If you love Black Butler do not hesitate to pick this up!

this book is gorgeous, but be careful when handling it. it does get dinged up easily if not probably taken care of.

I ordered this for my daughter who is a huge Black Butler fan. She was delighted. The set work is stunning. She couldn't love it more.
