Substance Abuse: Information For School Counselors, Social Workers, Therapists And Counselors (5th Edition)

Synopsis

Note: This is the bound book only and does not include access to MyCounselingLab[®]. To order MyCounselingLab[®] packaged with the bound book, use ISBN 0134297350. An overview of substance abuse for generalist students, prospective mental health professionals, and allied professionals. Providing a comprehensive overview of the substance abuse field, Substance Abuse: Information for School Counselors, Social Workers, Therapists and Counselors, 5/e combines the accessible writing style and succinct, practical topical coverage that have made it a market-leading resource for generalist students, prospective mental health professionals, and allied professionals. Continuing to cover basic pharmacology, models of addiction, assessment and diagnosis, cultural issues, intervention, treatment, recovery, support groups, children and families, other addictions, prevention, and confidentiality in its applied and concise style, this latest edition of Substance Abuse contains expanded coverage of screening and brief interventions, recovery oriented systems of care, spirituality and other current topics as well as a new chapter dedicated to motivational interviewing. Also available with MyCounselingLab[®] This title is also available with MyCounselingLab[®]—an online homework, tutorial, and assessment program designed to work with the text to engage students and improve results. Within its structured environment, students see key concepts demonstrated through video clips, practice what they learn, test their understanding, and receive feedback to guide their learning and ensure they master key learning outcomes.

Customer Reviews

Providing a comprehensive overview of the substance abuse field, *Substance Abuse: Information for School Counselors, Social Workers, Therapists and Counselors*, 5/e combines the accessible writing style and succinct, practical topical coverage that have made it a market-leading resource for generalist students, prospective mental health professionals, and allied professionals. Continuing to cover basic pharmacology, models of addiction, assessment and diagnosis, cultural issues, intervention, treatment, recovery, support groups, children and families, other addictions, prevention, and confidentiality in its applied and concise style, this latest edition of *Substance Abuse* contains expanded coverage of screening and brief interventions, recovery oriented systems of care, spirituality and other current topics as well as a new chapter dedicated to motivational interviewing.

Also New to This Edition:

- Applied case examples articulate key chapter concepts through realistic, personalized scenarios.
- New At-a-Glance guides present chapter opening information and act as advance organizers that direct student attention.
- New information on special populations, including diverse sexual orientations, persons with disabilities, the elderly, and adoptees.
- New sections on neurobiology of addiction, screening, confidentiality and school counseling, and prevention specialists.
- New and revised information on evidence-based treatment and prevention, including the National Registry of Evidence-Based Programs and Practices.
- Inclusion of support groups and support systems.
- Updated data on alcohol and other drug prevalence, treatment admissions, emergency room admissions, and other surveys.

Gary L. Fisher is Professor in the College of Health Sciences at the University of Nevada, Reno. He was the founder and first director of the Center for the Application of Substance Abuse Technologies where he developed undergraduate, graduate, and continuing education activities for addiction counselors, prevention specialists, and allied professionals. Dr. Fisher's career has spanned 38 years and includes work as a private practice clinician and a public school psychologist. In addition to this textbook, he is the author of *Rethinking Our War on Drugs: Candid Talk about Controversial Issues* (2006), the senior editor of the *Encyclopedia of Substance Abuse Prevention, Treatment, and Recovery* (2009), and the author of *Understanding Why Addicts are Not All Alike: Recognizing the Types and How Their Differences Affect Intervention and Treatment* (2011).

Thomas Harrison is Associate Dean in the College of Education and Professor of Counseling and Educational Psychology at the University of Nevada, Reno. He developed the initial drug testing program for the University of Florida Athletic Department and has been a consultant for the State of Nevada Bureau of Alcohol and Drug Abuse. Dr. Harrison's career has

spanned 35 years in the field, including private counseling, sports psychology, and consulting practice. He is the author of Consultation for Contemporary Helping Professionals (2004) and several articles in professional journals.

Had a lot more writing than stated but overall ok for the price

Book required for a class I am taking. Hard to follow along, but good information

needed for class

Perfect for my Substance Abuse Class!

I purchased this book to go in my office once I start working as a school guidance counselor. I am currently working on my master's degree and will begin my internship August 2017.

I was happy to know that the book that I needed was online at a much cheaper price than my school. Once I placed my order I was very excited to see my book arrive on time in perfect condition. My book was in new condition just as it was described and it arrived earlier than I expected. I am happy to say that I am a very pleased and satisfied customer.

I should have purchased this book instead of renting it. This book has everything in it needed to take the AOD certification. I highly recommend reading this!

Great!
