Quilting Block & Pattern-a-Day 2017 Calendar

Synopsis

Quilters will be thrilled with the 300-plus patterns included in the Quilting Block & Pattern-A-Day 2017 Calendar. With patterns for 26 quilts and 286 quilt blocks, this calendar's extraordinary collection includes 50 U.S. state quilt blocks, Sunbonnet Sue and Overall Sam blocks, an ABC quilt with blocks for each letter of the alphabet, and so much more. Each day features beautiful quilt art and its pattern—so thread a needle and start piecing! The author, Debby Kratovil, has written three quilting books, numerous calendars, and hundreds of magazine articles. She also teaches several workshops each year in various U.S. cities at the Original Sewing & Quilt Expo.

Customer Reviews

This was not what I was expecting ... (1) The images on the front of each date are all digital designs - not images of fabric. The supplied images make it look like they have prints, but it's all computer-generated line drawings. Some of look nice, but most just look cheap. (2) The "display box" is poorly constructed - it was ripped when I was opened the package. I've purchased many crafty calendars over the years & this is by far the worst box I've ever gotten. (See photo) (3) The cutting instructions suck. Most block instructions I've seen tell you how many of each size and color. These cutting notes only tell you the size & shapes. Part of having a block pattern is that it should make it easier - having to flip back & forth between the front (where I can see the colors) & the back (where I can see the size) makes these patterns annoying. (See photos for examples) (4) There's a lot more applique than I'm interested in. I wouldn't knock any stars off for this because it's a personal preference thing, but be warned. Also, the patterns for the applique designs extra funky

(See photo).(5) The 50 U.S. state quilt blocks are awful ... I have no clue how 98% of them relate to the state, they're just a bunch of triangles/rectangles/squares that are named after a state.

I have been buying this product for years now, not only for myself but for gifts for my quilting friends. Everyone loves to receive one of these!!!

This is one of those things that you buy and when it arrives you have to laugh because it is so awful. I just wasted \$12 on the dumbest calendar ever. Most of the blocks are so basic that you will be amazed that someone bothered to make a calendar out of these. It is not like the pages have pretty examples of actual quilt blocks. Nope, just a square with a few triangles and regular colors like red or blue; not fabric photos. This is the lamest thing I have ever bought. It doesn't even come with a thing to put the pages in so you can use it like a real desk calendar other than the cardboard box which they expect you to leave the pages in. Make sure you don't rip the box or you just ripped your calendar stand. I cannot believe anyone would give this a good review. It is horrible and going in the trash. The box it comes in is the only interesting thing about it.

Couldn't wait till 2017 to open this calendar - great blocks and beautiful to look at all of them. I can't wait to start trying them out.

My wife is a professional quilter and I buy her one of these every year. She actually uses some of the patterns offered each month.

I bought this for a Christmas gift for my sister-in-law who is an avid quilter. She is hard to buy for...and this was a HIT! She loves it!

Every year I give my wife a quilt-themed wall calendar for Christmas. She was particularly pleased with this one because it includes patterns as well as pictures. And there is enough space to jot down daily appointments.

The calendar is fine, although there is a bit too much applique for my liking. However, be warned, the box that is really hard to open is also the stand! I had to rip it to open it and as a result ripped the stand too. As a "stand" it is less than adequate. I am using my own picture stand instead. Packaging was awful, product was fine.
