Introduction to the basic beliefs of the Catholic Church.

Great book for my kids to help understand their faith.

Fantastic and substantive Catechism for all ages.

Good and quick delivery , I'm happy

Excellent book.

This is a must have for all Catholics born after Vatican Council II, who do not know their catechism. If this was still taught in the Catholic schools, people would understand their religion better.

Great catechism for beginners. My kids love the pictures.

Like it so much. Very informative.

The Baltimore Catechism is especially useful for children and those who are new to the faith. It is very easy to understand and is presented in a question and answer format. Not only that but it is orthodox (meaning correct in doctrine). While old, it is still a gold standard in the realm of catechisms.
