The Essential Hand & Foot

Synopsis

In the late 1940s and early 1950s, Canasta was all the rage. Fast forward forty years or so. Canasta is still played, though mostly by people who learned the game more than a generation ago.

However, somewhere (I do not k

Customer Reviews

Harry Wastrack is a life-long card player and an avid collector of old and unusual decks of playing cards. Since retiring from a career in the Federal Government, he now spends much of his time writing and organizing card tournaments. He is a regular co

We were delighted to find this book for our card loving neighbors. They seemed to really enjoy it, especially the wife who insisted that her husband could use it :)

Good rule book for learning the game of hand and foot. I already play but the rules are a little different. In the end you get the same results.

Just got introduced to Hand and Foot on our game night. There was a lot of discussion and uncertainty about the rules of play. I bought this book to get some guidelines. It is an excellent basis to set up you own house rules on. We all developed a mutual set of rules using this book.

My wife loves to play this game. There are so many variations of the rules though between groups of players. This book provides a reference point when people get together to play.

Explains game well ... offers optional / regional rule sets

There are way more variables in this game than covered here. Maybe it's ok for a beginner but TX rules are far different. More alternative ways of play should have been researched & presented.

I Bought The Essential Hand & Foot rule book because the card game from became unavailable. Well, I thought, no harm in having the rule book for a little insight first. Sounds like an awesome game, as we are tiring of the good ol' Canasta!! Then to my excitement, I discovered on that the card game is now back in stock. So have ordered two, one for us & one for the kids & friends!! Can't wait for them to arrive. The book has been fantastic knowledge up front. Very happy customer!!

Easy read!
