Synopsis

Mountain biking is an exciting sport that can be enjoyed by anyone who knows how to ride a bike. Compared to the average bike ride, it does present some danger. Therefore, you should master these basic skills before you hit the trails or the dirt. You can practice these beginning skills at a local park, school, bike path, or simply around your house. If you can, try to find a location with a steep hill. GRAB A COPY TODAY!

Customer Reviews

A very light read, more of an introductory article than a book, "e" or otherwise.

This is a great introduction to mountain biking. It's a quick read and perfect for someone about to buy their first bike. If you're more advanced, then this is too basic.

Easy to read and right to the point covers items many similar books did not. A must for any mtn biker
