Concise and impactful. Guided me through the process of updating my 20+ year old CV. It was recommended to me by a friend who used this to update her CV, which helped her secure an amazing new position! While there's no guarantee you'd obtain a new job by using this book, it will help you start thinking how you market yourself.

Excellent book. Shows many different styles of resumes. Helps make a professional concise resume. Highly recommend.

In my opinion "Resumes for Dummies" was a better buy as to content.

Bought one 20 years ago. Lost it. Bought another. Great approach to a creative resume. It's worked for me every time.

This little but powerful book will help you to write a fabulous resume in no time. I would highly recommend this book to anyone. Daisy

I found it very helpful for assisting non-professional job applicants. It's straightforward and easy to follow.

Excellent resource book for writing a resume.
