# Mathematics For The Trades: A Guided Approach (10th Edition) - Standalone Book

## Synopsis

Mathematics for the Trades: A Guided Approach is the leader in trades and occupational mathematics, equipping students with a solid foundation in the math needed for a variety of technical and vocational trades, such as allied health, electrical trades, plumbing, construction, and many more. The math concepts are presented completely within the context of practical on-the-job applications, so students can make an impact on the job from day one. Note: You are purchasing a standalone product; MyMathLab does not come packaged with this content. MyMathLab is not a self-paced technology and should only be purchased when required by an instructor. If you would like to purchase both the physical text and MyMathLab, search for: 0321945298 / 9780321945297 Mathematics for the Trades: A Guided Approach Plus MyMathLab Access Card, 10/e. Package consists of: 013334777X / 9780133347777 Mathematics for the Trades: A Guided Approach 0321431308 / 9780321431301 MyMathLab -- Glue-in Access Card 0321654064 / 9780321654069 MyMathLab Inside Star Sticker

## Book Information

Paperback: 848 pages

Publisher: Pearson; 10 edition (January 10, 2014)

Language: English

ISBN-10: 013334777X

ISBN-13: 978-0133347777

Product Dimensions: 8.5 x 1.4 x 10.8 inches

Shipping Weight: 3.4 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 20 customer reviews

## Customer Reviews

My husband has to have this book for his first skilled trades class. Thank goodness for the rental program! The book looks brand new and is exactly as stated. This book will help my husband gain the knowledge he needs moving forward in skilled trades!

Installed in minutes on a RZR 900 trail.made of good quality.wood highly recommend.

Perfect!!!

The book look like it was taking out of the garbage can. Some of the pages stuck together and some with black mold.

Came brand new even though I rented. I would have bought it if it weren't so much. I have never had a math book so helpful. Very It's easy to follow. It made me like math.

Great product, excellent value and problem free shipping! I will refer you to others and look forward to buying from you again!

Helpful book. As far as i know, has all the information to teach you how to do the problems in the book. It is pretty easy to follow. Needed the book for 2 of my college math classes.

The book is good. I am the one a little rusty but the layout here is fairly east to absorb.
