Embroidery is the art or process of forming decorative designs with hand or machine needlework. "500 Simply Charming Designs For Embroidery" is a lavishly illustrated, 88 page compendium of thoroughly 'user friendly' monograms and motifs that can enable even the most novice of needlecrafts into creating appealing, attractive, cute, and delightful embroidered images. Of special note is the instructive information on embroider basics and fifteen basic stitches. Enhanced with a photo gallery of finished projects, "500 Simply Charming Designs for Embroidery" is an enthusiastically recommended addition to personal and community library Needlecraft reference collections. Just because the technique has been around for ages, doesn't make it impossible to do. Learn how to embroidery stitch with the help of Design Originals' 500 Simply Charming Designs for Embroidery. Prefaced with embroidery basics for beginners and filled with hundreds of monograms

and motifs, this book will satisfy anyone from the novice to the veteran embroiderer. Whether you have clothing or décor that you'd like to spruce up, or you're looking to add an extra element into a new project, 500 Simply charming Designs for Embroidery will come to your aid. What's most striking about this fine collection of embroidery patterns is the layout. Incredibly simplified yet still comprehensible, this vast roundup presents a basic outline for every embroidery pattern in the book. Whether you're seeking wildlife, baby patterns, or holiday icons to embroider, you'll be able to identify what stitches are required for every motif. On one page you'll find the embroidery pattern's outline, on the other a dazzlingly clear photograph of the finished product. It's as if you can reach out and touch these designs. While the proficient seamstress will take great joy in these numerous patterns, the rookie will love them too. 500 Simply charming Designs for Embroidery makes a great gift for beginner crafters because of the accessibility of these patterns. No longer will anyone need to spend extra time absorbing the details of a pattern; these concise instructions convey the basics of embroidery in no time. When guests admire your embroidered pillow or friends praise your monogrammed tote, you'll need to remind yourself that you actually stitched those designs. They may look like heirlooms due to their fine stitchery, but your personal effects will carry a hand-sewn touch to them thanks to this delightful book. Make the choice and be inspired by 500 Simply Charming Designs for Embroidery.

This is full of very sweet, delicate, and whimsical ideas for embroidery work. I like the fact that they are so easy to make and one can do so many different ones. So many patterns seem to take so long and one is almost tired of the pattern before done. If you like whimsy, and very sweet ideas to do with your thread, this is certainly a book to be cherished.

I totally recommend it! great instructions and great images. if you are a beginner, you will love this book. I love it!

I really enjoy this book. The designs are so charming just like the title says and I can add little details to my own designs from them. I thought the price was very reasonable as well. Also I like the way the designs are grouped in themes. Happy dance for this book!

There are so many patterns in this book that I love. It will take my lifetime or longer to try all the ones I want to try. So glad I found this wonderful book.

Simple designs - easy to work up - just what I was looking for. Prompt delivery. Don't need 500 designs but enough cute ones to make me happy with purchase.

I'm a beginner, self taught and am using these designs in little everyday scenes I have drawn myself. Simple stitches, a delight to sew and, of course, so many to choose from. I love it and I believe any embroiderer would find something to suit and stitch from this lovely book.

I have been looking for tiny patterns to put on greeting cards etc and this just makes it perfect for me.

Simple and easy designs. There's a large variety here. Nothing truly groundbreaking but I wasn't expecting that. There's a little bit of everything and this will come in very handy for fun quick projects and for building my "gift stash"
