Customer Reviews

This arrived on the expected date. However, I ordered it expecting the books to be the most updated ones but they were not. The blue Let's Review book had regents exams from June 2014 and June 2015. The red exams book had regents exams from June 2013, August 2013, June 2014, and August 2014. These were from roughly 3-4 years ago which is the only disappointing thing about this product since the thumbnail and the description says that the edition is from November 2016. Overall the book is helpful.

I remember that I used these when I was in high school

Great!

Good study supplement for class, and additional practice tests. Handy given my son's class doesn't have a textbook just flipped classroom lectures.

Fast delivery, good value

My daughter received a perfect score after reviewing the Biology Power Pack.

My son gave it 5 stars! It has all you need to review. He aced his regents!
