Customer Reviews

Just because you draw cupcakes or hearts in a circle does NOT make it a mandala. If you are pre-teen I would consider it. An aside to authors of these types of books and to . Because thousands of years of the word definition of mandala has apparently been redefined please consider the following. Authors should not be allowed to sell these on unless they provide photos of the inside

drawings. No one cares what the front and back of a book looks like with this type of book. It should not be up to the consumer to take their time to photograph the inside pages and upload them. In this case most of the photos by others are very misleading as to what the majority of the designs look like. It is a waste of consumer time, has to deal with the return all because these authors are too lazy to do it and depend on the consumer to upload their book.

Love this book lots of designs and pages to color
